

Isaiah 42:12 Missions

July 2022

Tankiu Tumas

First off, we want to say thank you so much for your support both prayerfully and financially. God has used you in a mighty way to encourage and sustain us since we began this mission work God called us to in Tanna. As you can imagine, in this last year we have had moments of uncertainty, discontent and discouragement while waiting to go back home to Vanuatu. It sounds crazy to even say “we’ve been stuck in the USA”. However, when your heart is elsewhere it accurately describes what we’ve been feeling. It’s been an uncomfortable and long season of waiting that we’ve walked through. We have learned well the difficulty in ministering remotely and the importance of really “doing life” where God calls you. We’re thankful for technology that has allowed us to remain connected in most of the crucial moments. In His providence, God has graciously and clearly confirmed that He is not finished on Tanna and that He has greater things in store to show His glory and make His name known among the Ni-Van people. We are happy to report that we are FINALLY able to go back home!

Carrying out the work has never been and still isn’t something we can do alone. We are completely dependent upon God’s provision through the faithful support that so many of you have provided and continue to provide. We are forever grateful and consider ourselves richly blessed.

If you would like to partner with us financially you can do that in two ways.

- 1) Check issued and mailed to **Isaiah 42:12 Missions**
